Hi Susan,

I spoke to Mr Rubenstein and he advised that the Chief has the article with the recommended changes. We are waiting to hear back from the Chief. I do not have any answers or update information for you at this time.

Thank you,

Capt. Sandoval,

Have you had a chance to talk with the chief? The adds I mentioned in the note – they really aren't crucial, if that is holding things up. The one addition that is important is finding out who Chief Gates was referring to in the opening anecdote. Let me know if I can answer any questions, and again, many thanks. Susan [REDACTED]

Captain Sandoval:

Josh had sent the attached piece from Chief Beck to us on Friday. It's part of a package that Op Ed at the Times is putting together regarding changes wrought by the 1992 unrest. I didn't realize Josh would be out of town. I just sent some line editing back to him, to clear with the chief, and got his out of office reply. I called the number he left and was told to send this to you. Can you let me know you got it? We would like to clear this fairly quickly, and I would appreciate your help.

Hi Josh

Once again, this is such a good piece from the chief; many thanks.

There is a bit of line edit on this, some of it for style (at some point near the top we need to use the proper name of the LAPD, for instance) and some for clarity or grammar-type things. And in a very few places, there are some questions. The main one is to tell us who the two people are that Chief Gates referred to! My immediate thought was himself and the mayor, but I really don't know...

Also, there are two places where it would be great if he wanted to add just a tiny bit more description or detail. It isn't crucial though.

Also, please note the bio. In all the entries, I'm trying to say where the writer was in 1992 and then bring it up to date. See if I got it right for Chief Beck.

It would be great if you could add your fixes to this copy in a new color of "tracked changes." I put it into a Word document because we don't really use pdfs – I'm hoping that it will work for you. You should see tracked changes and some margin notes. If not, let me know and I will resend in another Word format. It would be great if you could make adds and changes using a new color of tracked changes, or all caps. Or I would be happy to take fixes and changes by phone if that is easier. In any case, I will resend a truly clean copy after we get through with this edit.

We would like to post this perhaps as early as Thursday. That means that it would be great to hear back from you quickly.

Let me know what you think.

Best,

Susan
